

# Board Postpones Controversial Water District Hearing

By THELMA GOODSPEED

A hearing before the Riverside County Planning Commission on a zone change from M-3 to W-1 (Watercourse area) proposed by the Coachella Valley County Water District for the Whitewater Spreading Grounds in the North Palm Springs area, was adjourned Tuesday morning to Oct. 21 at 10 a.m., when H. L. Thompson, attorney for interests opposed to the proposed change, charged the water district with unfair tactics.

Thompson said the district's attorney, Maurice C. Sherrill, had distributed brochures and two maps pertaining to the Whitewater Spreading Grounds in the North Palm Springs area, the planning director, county counsel, and the Water District engineer, but not to him or Dr. C. A. Reagan, whom he represents.

"THIS IS A LACK of courtesy which I can't understand," said Thompson. "I consider it a per-

sonal affront. I just learned of it late last night. I understand the distribution was made of it Saturday. I don't know whether the independent experts appointed to study this matter have been given copies of the brochure report."

Thompson pointed out that Tuesday's hearing was for the purpose of hearing only technical information from the independent expert and that it had been definitely stipulated that "no further testimony is to be heard."

HE AND DR. REAGAN, and Dr. Reagan's engineer should be allowed time to study the water district material, contended Thompson. He asked for continuance to October. "It is now the dry season and vacation time," he declared, "and I believe Fall would be the best time for the hearing."

Sherrill explained that the commissioners had been given the brochure reports and maps to acquaint them with a little infor-

mation as to the line of questioning he planned for cross-examining the report by technical experts to be heard at the hearing, and not as new information.

He argued that a month should allow sufficient time for study of the brochure and asked that the hearing continuance be to June rather than to October.

DEPUTY COUNTY Counsel James Angell said the brochure could not be introduced and warned the commissioners that they should not read it. "The Water District was not requested at any time to present written information," said Angell. "The serving of these copies is completely out of order. Only the report asked from our experts should be considered."

"They've had the brochure report since Saturday," stormed Thompson. "Surely they are human and have looked at them and we should have the same privilege."

A TEN MINUTE recess was called and the commissioners gathered with Angell and Planning Director Tyler Suess put their heads together (literally) for a whispered discussion.

With the meeting again called to order, Commissioner L. C. Lewis announced that all evidence had already been presented, no further evidence could be considered, and the documents mailed to commissioners by the water district attorneys would not be used as evidence. "Does Mr. Thompson still want a continuance of the hearing?" he asked.

Thompson replied in the affirmative, and the new hearing date was set. "Now where can I get a copy of this brochure?" he asked.

REPLIED COMMISSIONER John M. Rose, "I'm not permitted to look at it. You can have mine!"

The "brochure" constituted 10 typewritten pages accompanied

by a two-page letter of transmittal. One of the two water district maps was nearly 3 by 6 feet in size and showed the proposed Whitewater River W-1 zone area, and the other approximately 2 by 4 feet in size showed the enveloping curve and peak discharges revealed in Whitewater studies.

ALONG WITH postponement of the watercourse hearing, six other hearings scheduled to follow the watercourse hearing at Tuesday's session of the Planning Commission were also postponed to Oct. 21, as they are closely related to the watercourse issue.

The other hearings are on subdivision of acreage owned by Dr. Reagan in the watercourse area. Three units of Reagan's proposed Gay Char Rea Desert Estates are to be considered, comprising 360 acres to be divided into 551 lots. The Gay Char Rea Industrial tract, 55 acres, 60 lots and Gay Char Rea Country Club Unit, 100 acres, 154 lots, as well as a trailer

park development proposed by Dr. Reagan, are also scheduled for hearings postponed to Oct. 21.

"THE COACHELLA Valley County Water District has no ulterior motives in opposing the proposed subdivision of these lands," declared Lowell O. Weeks, general manager and chief engineer, in the letter of transmittal accompanying the brochure, "for we recognize the growth potential of the desert area and the resulting economic gains to the valley as a whole."

"However, we must not be guilty of short-sightedness in concurring with plans which will bring immediate development to the area at the risk of future destruction of both property and human life. Such a catastrophe would have a serious impact on the ultimate development of the entire area."

"THE OBLIGATION of this district to the people of the Coa-

chella Valley extends beyond the realm of mathematical theorizing and the expert opinion of persons who are neither legally responsible nor technically accountable to the people of the district."

"The Storm Water District Act of 1909 and the Coachella District Merger Law of 1937 confer upon the district all of the powers and duties of a storm water district. This district is charged with a responsibility of providing adequate protective work to all lands within the boundaries of the storm water district."

"IN VIEW OF THE fact that storm water runoff and peak discharge cannot be determined with mathematical certainty and considering the type and quality of development under consideration for this area, we feel that all protective works for this area must be designed for the maximum probable flood."

"The storm channel and dikes

as proposed in the Whitewater River report are inadequate to convey water under conditions of regulated flow as we find in a canal; they are even less adequate to convey storm water, the regulation of which is impossible. The proposed channel south of Section 36, T3S, R4E, would completely encompass an existing subdivision south of Ramon Road and would remove a portion of another subdivision.

"THE DISTRICT recommends that the peak discharge value adopted for design be in excess of the 55,000 cubic feet per second which was recommended in the Whitewater River Report."

"We also recommend that the channel and dikes as proposed by the Coachella Valley County Water District in its W-1 zone application as shown on Drawing No. 129 (the 3 by 6 foot map) be adopted by the Planning Commission."

PALM SPRINGS CITY LIMITS sign was unofficially moved yesterday, with the announcement from the Secretary of State that the annexation of a square mile to the south of Palm Springs has been filed. City Manager Robert W. Peterson and Mayor Frank Bogert put the sign in position as Assistant City Engineer Harry Hill holds the shovel ready to fill in the dirt. Actually, the new sign will be put in by the State of California Highway department and will list the new population of Palm Springs. Palm Springs City Council will act on May 28 on the amount of time that will be allowed businessmen in that area to come into conformity with city zoning and sign laws. To the right can be seen the old city limits at the top of the hill at the bridge. (Desert Sun Photo).

## Fireman's Fish Fry to Be Held Here Saturday

Palm Springs Fireman's annual Fish Fry will be held Saturday in Tamarisk Park, starting at 7 p.m.

Capt. Chet Goff, chairman, reported that there will be plenty of fresh fried trout for all ticket holders, with corn on the cob, tossed green salad, French bread and garlic butter, and beverages.

The limit on tickets to be sold has been set at 500. Last year there was a limit of 400 and people were turned away, so this year tickets are made available earlier and can be purchased at \$2 per plate at either fire station.

Each person is asked to bring his own table service. Dancing will be held later in the tennis courts.

Proceeds are used by the firemen for emergency equipment and the Fireman's Relief Fund.

The session will be followed by an open house at the Palm Springs City Hall from 5 to 7 p.m., and then dinner, entertainment and dancing at Lyons Prime Rib House at 133 East Palm Canyon Drive.

THE LOCAL CONTEST will choose a girl between the ages of 18 and 28 (she must have been born before July 1, 1940), be of good character and possess poise, personality, charm, beauty of face and figure, and all judging will be made on these points. The contestant cannot be married.

Police said that Donald Bowman Chandler, of Palm Springs, walked out of the hospital where he was under treatment for pneumonia.

Chandler was accused of forging a \$65 payroll check. The suspect was described as being five feet, 11½ inches tall, weighing 153 pounds and having a medium complexion and slender build. Police said he may be seeking medical attention.

### Near Civil War

## New Disorders Appear Today in France, Algeria

PARIS. — Premier Pierre Pflimlin today ordered Gen. Raoul Salan, French commander in Algeria, to take charge of insurrection-ridden Algiers and restore order.

The move followed shortly after President Rene Coty demanded loyalty from the 400,000 French troops in Algeria where a military-civilian junta seized power with a "committee of public safety" and urged Gen. Charles de Gaulle to head up a new strong man government in Paris.

NEW DISORDERS appeared to be shaping up in the wake of riots in Paris and Algiers Tuesday.

Pflimlin and his Cabinet also decided today to prohibit all public demonstrations in Paris and in cities and towns throughout the French mainland. More than 10,000 police and riot troops stood guard at strategic spots around Paris during the day to put teeth into the government's order.

The fast-developing events came as France appeared close to civil war.

The order from Pflimlin came only hours after he won approval from the National Assembly as the country's 27th postwar premier, at least temporarily giving France a government to cope with one of its gravest political crises to date.

THE PFLIMLIN order was issued here shortly after Salan himself had announced in Algiers that he was assuming "provisional" civil and military powers throughout the North African territory.

But even as the Pflimlin government was acting to ease the situation, new anti-government demonstrations were shaping up in Algiers.

By mid-morning a crowd of 2,000 was milling outside the French Command Headquarters there and nearly every store in the city was shut for the second day in a row. The milling crowd was reported growing larger every minute.

## Simsarian Firm Buys Club Cabazon

A high bid of \$3,220.91 in the Constable's sale of Club Cabazon this morning, turned the ownership of the controversial poker palace over to the Palm Springs firm of Henry Simsarian, Inc.

Attorney Arnold Rumwell, acting on the direction of his client, Joe Eicher, head of Henry Simsarian, Inc., entered the bid at the auction in the constable's office this morning.

THE LOCAL FIRM was the original purchaser of the Club Cabazon property and brought suit against the club's owner, Ben Greenblatt, and the Ben G. Construction Company for \$2,205.66, plus \$900 in costs and attorneys' fees. The suit by the company was filed in April of this year.

Under the terms of the constable's sale, according to Constable Howard Poe, the original owners can buy back the club for the amount of the sale plus interest (which can run as much as 10 per cent) within a year from today. However, if Ben Greenblatt fails to buy back the property within the year's time, the club and all its fixtures will become the property of Henry Simsarian, Inc.

POE SAID THAT he would file a Bill of Sale with the Riverside County Recorder's Office today in Riverside.

No action by creditors of Club Cabazon can be filed against the new owners of the club. Greenblatt will continue operation of the club for the next year.

According to a report last night, a petition of involuntary bankruptcy was served on Ben Greenblatt with directions to answer on May 21 in the United States District Court in Los Angeles.

WATER POURING DOWN Tahquitz Creek has kept Sunrise Way flooded for more than a full month now. The water is runoff from the melting snow in the San Jacinto Mountains. After receiving telephone calls and having been notified of the circulation of a petition for improvement, City

Manager Robert W. Peterson and Mayor Frank Bogert inspect the water flow. Although the matter of flooding at this point has been before the council a few times during the past years, no official action as to its solution has been taken. (Desert Sun Photo).

## Traffic Signal Bids Asked For Sunrise

Bids will be opened in Los Angeles on June 12 for the installation of traffic signals in Palm Springs at the intersection of Sunrise Way and Highway 111.

Clyde V. Kane, district engineer of the State Division of Highways in San Bernardino, announced the opening date of the bids and said that they would be tied in with a Riverside city signal installation.

In the City of Palm Springs the installation of the signals, along with lighting at the intersection, will be completed within nine weeks after the bid has been let. These signals will be full traffic-actuated type with traffic on the two streets controlling them.

The traffic signals and intersection lighting in Riverside will be located at U.S. Highway 60 (Eighth Street) and Chicago Avenue. Pedestrian push buttons will be installed and are known as the semi-actuated type of signal.

Kane said traffic will pass through the construction area with as little delay and inconvenience as possible at both locations.

## U.S. Offers Police Equipment To Lebanon; Evacuation Set

BEIRUT, Lebanon. — The United States offered "police equipment" to Lebanon tonight to "help this government maintain internal security."

At the same time, U. S. Ambassador Robert G. McClintock commended an American ocean liner to evacuate endangered American citizens from Tripoli, the main provincial city where rebellion against the pro-western government erupted last week.

McCLINTOCK PROMISED the U. S. would airlift "police equipment," including tear gas and gas masks to help local security forces maintain order.

"We are determined to help this government to maintain internal security," McClintock said.

It was the first American action to provide aid for President Camille Chamoun's beleaguered regime.

IT CAME AFTER anti-government terrorists exploded two bombs near the U. S. Embassy in the sixth day of violence that had brought this tiny Mideast country to the brink of civil war.

In another crisis step, the U. S. Embassy took over the American liner Jackson Creek shortly after it docked in Beirut harbor.

THE U. S. NAVAL attaché, acting on McClintock's orders, in-

structed the vessel to make a 40-mile run up the coast to Tripoli. Diplomatic sources regarded the situation in Tripoli as extremely dangerous. Guards were reported leaving their posts around two American schools and an American hospital in the big port city.

## Open Verdict Returned in Traffic Death

A coroner's jury yesterday returned an "open verdict" in the Palm Springs traffic death of 33-year-old Marcia Moore, of Hollywood.

The jury reported to Coroner Ben White that it could find no evidence of negligence on the part of either driver involved.

The woman, a dress buyer for Lanz of California, was instantly killed Friday when her car went out of control, clipped a pickup truck and overturned alongside Highway 111, near the railroad depot.

The driver of the truck, Marlin T. West, 44, a Redlands carpenter, suffered minor injuries when his truck rolled off the road after the impact.

## Does Not Make Direct Accusation

WASHINGTON. — President Eisenhower said today that anti-American demonstrations on three continents seem to have been generated by Communist exploitations of world problems.

He said there seems to be a Communist pattern to this week's wave of demonstrations against Vice President Richard M. Nixon in South America and against the United States in Lebanon and Algeria.

THE PRESIDENT, in a calm and conciliatory mood, did not accuse the Communists directly of fomenting the demonstrations. No one would be so bold as to do that, he said.

But he told his news conference that it was a situation where there appeared to be a lot of smoke and maybe some fire; that he thought the Communists are capitalizing on latent unrest.

THE VENEZUELAN government, however, in a note to the U. S., put most of the blame for the attack on Nixon on followers of the ousted Venezuelan dictator, Gen. Marcos Perez Jimenez, now in exile in Miami.

Senate Democratic leader Lyndon B. Johnson went beyond the President's views, suggesting that the demonstrations were Communist-directed.

IN A SENATE speech, Johnson said "the facts are that those who attack our vice president are the enemies of Latin America just as they are the enemies of the world. We are faced by a common peril — an unthinking force directed by coldly thinking men in Moscow and Peking." Johnson added, however, that "a time of shock and anger is not a time to start shooting from the hip."

Speaker Sam Rayburn criticized Venezuela for not giving Nixon proper protection.

President Eisenhower discussed the anti-American demonstrations at a news conference that brought the second largest turn-out since he took office.

## Weather Returns to Normal, Only Discord Is Light Rain

By UNITED PRESS  
Cool, clear weather overspread most of the eastern half of the nation today, dented only by a warming trend over the Northern Great Lakes and light showers in parts of New England and Southern Florida.

The cool air mass dropped overnight temperatures into the 40s and 50s from New England to the Carolinas and across the Appalachians into Tennessee and the Southern Ohio Valley.

**THE FLOODED Tar River** in North Carolina receded today, enabling some of the hundreds of persons who were forced to flee their homes to return and begin the task of cleaning up.

The Tar's floor crest swept past Tarboro, N. C., Tuesday and spilled into the lowlands. At least three persons drowned in the floodwaters since Saturday.

A SECOND COOL air mass in the nation's central section pushed slowly into the Upper Mississippi Valley and southward along the eastern slopes of the Colorado and New Mexico Rockies.

The advancing front touched off scattered showers in Central Texas during the night, the heaviest dumping 1.88 inches of rain at Laredo. Showers or thunderstorms also ranged from Minnesota to Nebraska and into the Central High Plains.

Weathermen predicted scattered showers and thunderstorms today in the Central and Southern Rockies and east into portions of the Central and Southern Plains and the Northwest Great Lakes.

All species of fish found in Michigan are displayed at an aquarium in Clinch Park, Traverse City.

## Red Regime Starts New Anti-Vice Drive

VIENNA. (AP) — The Hungarian Communist regime has ordered the deportation of "hooligans" and prostitutes from the Hungarian capital as the first step in a new anti-vice drive.

Reports from Budapest say the deportation orders were given on the initiative of the Hungarian Ministries of Interior and Health "in order to purge the capital from criminal and inferior elements."

AT THE SAME time, Hungarian criminal courts were instructed to inflict heavy fines on currency speculators, hooligans and prostitutes.

"If they cannot pay the fine immediately, they must serve a prison term," the order said.

## Council Discusses Lighting Project In North End

The City Council asked this week if Director of Public Works Frank Hammerschlag would check into the possible lighting of the old gate on North Palm Canyon Drive.

Initiated by Councilwoman Mary Carlin, the council asked if the north end could not be lighted at the intersection of San Raphael Drive and Palm Canyon Drive, where the old entrance to the city is located. The city plans to light the clumps of palm trees on both sides of the street.

At the same time, an investigation into the cost of lighting both sides of Palm Canyon Drive, to complete it from the old city limits to Araby Point, was reported to the council by Hammerschlag who said the project will cost \$49,000 a mile for trees, lights and water lines.

## Police Hunt Today for 'Amateur' Burglar in City

Police investigators are today hunting an "amateur" burglar who Monday night fumbled his way into two Village business offices in an eager search for cash. Police said the bungling burglar ransacked the Palm Springs Landscape Company office at 725 South Palm Canyon Drive and the Desert Car Wash, 645 South Palm Canyon Drive, taking \$40 from car wash vending machines.

found a small landscaping company spade at the car wash office that was probably used as a "burglary tool." A trowel was similarly used at the landscaping office. Green said the burglaries were "obviously the work of an amateur — they were too messy for a professional."

THE MIDNIGHT raider first broke into the landscape company prying open a window after he failed to jimmy the door, and turned the office "upside down" in an unsuccessful search for cash.

He then moved to the car wash office, smashing through a window when he failed to pry open the office door and windows. He found keys to an outdoor vending machine, which yielded about \$4 in small change.

**Two Accidents**  
SALT LAKE CITY — (UP) — Trooper Glen Coffman estimated damage to a car driven by Carol Hall, 26, at \$300 when it collided with another vehicle driven by Valerie Burke, 23. Later, Coffman raised his estimate an additional \$400 when the Hall car, en route to a garage for repairs, snapped loose from a wrecker, rolled over the front lawn of W. R. Everill and smashed into a cinder block fence.

## Translator of Holy Bible To Be Speaker Sunday

Dr. George M. Lamsa, noted scriptural scholar and author widely acclaimed for his translation of the Holy Bible, will speak

at the Palm Springs Woman's Club Sunday night. Dr. Lamsa, whose visit here is sponsored by the Church of Religious Sciences, will deliver his public address at 8 p.m., Sunday, according to Rev. Lillian Caldwell.

A NATIVE ASSYRIAN, he was born in ancient Biblical lands which maintained customs and language identical to those in the time of Jesus. Tutored by the priests of the ancient Church of the East, Dr. Lamsa came to the United States in his early 20's and later studied at the Episcopal Theological Seminary at Philadelphia.

HE PREVIOUSLY graduated from the Archbishop of Canterbury's Colleges in Iran and Turkey with the "highest honors ever bestowed a graduate." After his studies of the English language in the United States, Dr. Lamsa launched his "life's work," the translation of the Scriptures from Aramaic, the "language of Jesus," into English. Dr. Lamsa labored for 30 years on his translation of the entire Bible.

## Trailer Coach License Fee Distribution Told

Trailer coach license fees totaling \$341,408, were apportioned to California counties in the last six months of 1957, chiefly for the benefit of county schools, according to John O'Connor, executive director of Trailer Coach Association.

O'Connor said that the reimbursement to the counties was made possible by legislation sponsored by the association. All California counties except Alpine benefited from the apportionment, he added.

## Gold Melter to Retire With Work Record Also Golden

By DOC GUGG  
United Press Staff Correspondent  
NEW YORK (AP)—Herman Diemer, a Brooklyn boy who has melted down 2,000,000 pounds of gold in the last 62 years, who inhales a bit of the precious stuff every day and washes about 10 cents worth of the dust from his hands every night, is retiring with a work record that is also golden. Sixty-two years, day in and day out, melting and alloying the makings of 25 to 30 million wedding and engagement rings. There is a stint for you. But the startling part of it—and this is confirmed by the company records—is that he missed only 3½ days in 62 years because of illness.

HOW COME YOU goofed off that way, Herman?

"It was that blasted flu epidemic of 1918," he explained. "One day when I stepped away from the heat of the melting furnace I had a chill. They told me I better go home, and I was laid up three and a half days with the flu."

His feat of health and loyalty should be something for the record books. The Metropolitan Life Insurance Co. estimates that the average working man loses eight days a year, women lose 12, in illness and accidents. Under that figure, Diemer was entitled to 496 days of illness—if he had been an average man.

TO WHAT DOES he attribute his remarkable stay-well record? "I believe good humor has a lot to do with it," he said. "A

good smile is worth a lot. I walk around here every day telling people to cheer up."

Even when he walks, he's on gold. You can see flecks and specks of gold embedded in the factory floor. Diemer is the melter for J. R. Wood & Sons, largest U. S. maker of wedding and engagement rings. They turn out more than 500,000 rings a year.

IT IS ESTIMATED that the gold which passed through Diemer's hands in his long melting span amounted to around one billion dollars worth of retail rings. Diemer takes \$5,000 bars of "fine gold"—24-carat stuff—and turns it, by melting in alloys, into 14-carat gold suitable for ring making. The value of the "waste" from

the machines is such that about \$25,000 a year is recovered in floor sweepings, hand washing, shoe brushings, and a blower system that filters gold dust from the air of the J. R. Wood factory in Manhattan.

In the years of turning out the hand-marks of romance, Diemer has seen the power machine replace footpower, the coffee and cola dispenser replace the beer can from the corner saloon. He's retiring at year's end. At a company dinner he got the inevitable—a gold ring—but with a 62-point diamond in it, a point for each year.

The fastest animal native to North America is the pronghorn antelope. Its top speed allows it to outrun any of its enemies.

Here's why Plymouth, America's favorite family wagon, is

## TODAY'S BEST BUY-TOMORROW'S BEST TRADE

You get more wagon for your money today...more money for your wagon tomorrow!

Any way you look at it, you can't find a better wagon buy than Plymouth! So big—it carries more, does more, provides more room for family fun. So beautiful—just look at those long, years-ahead lines. So economical—Plymouth is priced right in the low-price "3", yet you can't buy a bigger wagon at any price. And further proof: Plymouth beat every car in the low-price class in the 1958 Mobilgas Economy Run; Plymouth's second consecutive victory!

Get the biggest wagonload of value at a price far lower than you would expect. See your Plymouth dealer today.

## FIVE BIG REASONS WHY YOUR NEXT WAGON SHOULD BE A PLYMOUTH

1. Biggest of the low-price "3". Big as wagons costing thousands of dollars more. You can't buy a bigger wagon at any price!
2. Holds so much more than the "other two". Over 7 cu. ft. extra passenger and cargo space. Optional "secret" luggage compartment available in 6-passenger models.
3. Rear-facing 3rd seat. Folds flush into floor. You don't store it outside when it's not in use. Easy to enter, has convenient back step.
4. Disappearing rear window. Rolls down into the one-piece tailgate. Doesn't jut out. Only on Plymouth wagons in the low-price "3".
5. Torsion-Aire Ride at no extra cost. Only Plymouth has it in the low-price "3". No sidesway on turns...no nose-dive on stops.

They don't come any bigger than *Plymouth* station wagons

## 'But I Tell You—I'm Standing on the Bottom'

## THIS SIDE of The Sun

By Phat

The week is over  
But the memory lasts.  
This week our pets  
Come in for some blasts.

Last week was Be Kind to Animals Week. It prompted comments in one of these compositions in which some kind words were said about dogs. There's an expression they use in the healthful out-of-doors where horseflesh is tested for speed and endurance: "It's the difference in opinion that makes horse-races." Just so, it's the difference in opinion in other things that makes life interesting.

TAKE, FOR INSTANCE, a communication received from B.K.R., who signs himself "Fratr Citizen." B.K.R. squares off at me for that column on "Be Kind to Animals Week." "Phat, Old Boy," he starts his letter: "You write of 'Be Kind to Animals Week.' Why not have a 'Be Kind to Lawns and Flowers Week'?"

"WE PAY FOR A City Pond but dogs and cats are allowed free passes over lawns and flowers. No use to call for protection. They won't respond. "One day I counted 13 dogs in one block. Along came a dog catcher's wagon. He slowed up so that the dogs could go about their business unmolested. "We had to plant our lawn three times on account of dogs to say nothing of the havoc they raise with our flowers."

"NO WONDER some people remark Palm Springs is so dirty. "Why not pool all this money we raise for various projects and start that Tramway. Then if we didn't like dogs we could go to the top."

Well, there it is. Which reminds me, I heard a Villager out the touch on another Villager this week. "Let me have a hundred bucks until the tram is built, will you?"

THERE ARE MANY delightful ways to spend an evening here on the desert. One of them is to drive to Sheppard's, at Whitewater.

Not only a pleasant ride but pleasant when you get there in every way. Best part of it is Phyllis at the organ. Not only an accomplished musician but has an amazing repertoire.

YOU CAN ASK for any favorite number and she not only plays it but plays it well. And she has a memory for patron's faces and their favorites. Plays them without the asking.

I hadn't been there for almost a year but hadn't even sunk a knife into a toothsome steak before I heard my favorite "Who" booming through the room for me.

FINANCIAL NOTE: The Wall Street Journal reports that the amazing acceptance by the women of the nation of the chemise (sack) dress has pulled the garment business out of the hole and softened the recession.

Everybody — manufacturers, wholesalers, retailers and all in between — won. All that was lost was the female figure, comments the Minneapolis Star.

## STAN DELAPLANE'S Postcard

I imagine I am the politest cat in Japan. The entire female staff of my hotel is engaged in improving my barbarian ways. "Must not walk on tatami in slippers!"

The tatami are the straw mats in a Japanese room. They measure about six by three feet and all Japanese rooms are multiples of the tatami. So we have six-mat rooms, eight-mat rooms and so on.

WE TAKE OFF our shoes at the hotel entrance. They park them in a little shoe park. We put on slippers from a row of house slippers. But when we walk into the room, we go in socks.

"Why, lady?" "Is more polite." I am mighty polite. Politeness pays.

I SIT AT A TWO-FOOT high table and can sit sideways if I like. But — "Girl, can't you sit so. Must sit on feet. For man all right, sit sideways. For girl not polite."

The girl, she must also open the sliding door sitting on her feet and kneeling. When she comes in, she sits again on her feet and slides the door closed.

IF I AM INTRODUCED, however, I must get off the cushion. Onto the tatami. Then I put two hands on the floor and bow so my head hits the floor.

"Uplax introduced to geisha girl. Then she must bow. But you no bow." (I would bow anyway to a geisha girl. I am that polite these days.)

THE REASON I am so fat with the maid-sans is curious. The other day, Mr. Irving Hoffman, the blade of Broadway, blew into Tokyo. He brought with him an envelope of stills. Moving picture stars!

The maids flipped! A sack of eight-by-tens of movie stars is hotter than a sack of dollar bills around here. About six maids hustled up and sat politely on their feet while they shuffled through the pictures.

"AH, SO! CLOCK Gobble! Very pretty, ne?"

After Clark Gable we are fond of "Aran Lodd." After Alan Ladd we scream over "Ansony Puckins." Anthony Perkins. "Everybody wanting Weeyum Huden." (William Holden was in Tokyo the other night. I had my picture taken with him and showed it to the maids. Wow!)

MR. HOLDEN changed my whole life. Obviously a cat who hangs out with Mr. Holden is very important. If I kept my slippers on when I am on Mr. Holden's tatami, my maids would simply die.

It would not be polite at all. And Mr. Holden might hold it against them. My maid-son would flip herself out the window with embarrassment.

ONLY TIME when can wear on tatami is when people dead! Then wear geta on tatami. (Geta are the wooden slippers you wear on the street.)

"You catch dinner Mr. Weeyum Huden, suppose you like give him something from you plate? OK, must not give him from you chonstick! Be chonstick. Not polite! Very bad luck!"

"HOW DO I GIVE to him?" "Must put in his hand, ne?" "Suppose I like give Mr. Holden fried eggs?" "Must put in hand."

THIS IS A FIRM order. And I do hope Mr. Holden or Mr. Clock Gobble or Mr. Ansony Puckins will forgive me if I chonstick an egg into their hands.

If I do not, I lose face. The maids lose face. We would be polite. And, by John, a cat who knows Mr. Holden (and has friends with movie star pictures) must be polite. Polite even if it kills me.

WASHINGTON — Rear Adm. William F. Raborn replying to Rep. James G. Fulton (R-Pa.), who asked if three submarines scheduled to cruise to the Arctic might be involved in planned under-ice missile tests: "You're getting into classified waters."

## GRIN AND BEAR IT By LICHTY

"Is beating Capitalist Americans at Brussels World Fair, comrades!... Is figures showing our restrooms attracting more visitors than theirs!"

## EARL WILSON:

## Footloose

NEW YORK—Polly Bergen said in her cool, calm way, "I don't think being a star in pictures is any bigger than being a star in television."

The chick from Circleville who snared an Emmy is about to vacation in Europe and will probably only do six or eight TV shows of her own next year... but she'll go to the mat with you any time about television stars-vs.-movie stars.

It annoys her extremely that some of her TV sisters don't get gussied up for TV functions as much as Hollywood stars do for movie parties.

"There are so many who take the attitude that they're only in TV until Hollywood discovers them," Polly complained to me recently at Toots Shor's.

"The women at the Oscar party were in evening gowns looking gay and glamorous—but so many at the Emmy Awards wore cocktail dresses. You didn't feel it was as great an occasion. Well, it should be—I wore an evening gown because they want to see you as glamorous as they think you are!"

Furthermore, Polly thinks her every - other - Saturday - night TV show following Perry Como (soon going off) was pretty good. "I think some of them have not been great—a few were only fair... but I don't think any of them have been bad or unentertaining," Polly declared.

"My sponsors have an option to renew which I hope they don't exercise. Following Perry Como was wonderful, yet I also don't think anybody can take that much music. That's why I leaned more on comedy. The last show I only did two songs."

Added Polly "If they've got any brains they'll put an anthology or panel show in that spot next season."

You hate to ask any star about ratings but I was brave.

"I never got the Caesar, Sinatra, Munsell ratings... was never in serious trouble."

"One show recently we had everything going for us. Bob Hope always gets a big rating. I had

my Emmy going for us. If we should ever get a 25... "We got a 19. The answer I don't know. Perry Como wasn't in front of us that week."

Polly thinks the alternate week setup hurt—"My producer's wife couldn't remember which week we were on—still, she wouldn't want to work weekly or in another slot."

"It's bad enough to put your head on the block once a month. You have to be completely wedded to show business—and I'm not."

Polly says all girl TV singers suffer Dinah Shore trouble—"Unfortunately we're all compared to her."

"Gisele is not Dinah. Clooney is not, I'm not. Dinah spends \$180,000 a show, has an hour, a big permanent staff. She's in color. The majority of the people don't have color TV but the majority of the critics do."

"We," she added gloomily, "have low budgets, whatever creative talent we can pick up, and find guest stars impossible to get." Polly laughed and added, "Blues."

Having turned down a couple of fat offers for next year—including "Your Hit Parade"—Polly wants to do a musical series of her own creation: well-known songs woven into a modern story, done live from New York.

"I hope I have it sold to a sponsor—it would be similar to the arrangement that Bob Hope has."

Polly succeeded in breaking up Bob on the show they did together, flatterer to any girl who aspires to comedy. While they were doing a dance, Bob said, "I hope Cyd Charisse is watching."

Just then the dance got badly fouled up. Polly looked at the audience and said, "I hope nobody's watching."

TODAY'S BEST LAUGH: Joe E. Lewis says he's saving his money for a rainy day—he got a tip on a horse that runs best in mud.

WISH I'D SAID THAT: If Congress really wants to help the auto industry sell cars it should start building more parking lots.

## MIKE CONNOLLY:

## Kim on Reducing Kick

HOLLYWOOD — The Thin and the Thrallsome: Kim Novak, on a reducing kick, has taken to getting up at 5:30 every morning and driving out 35 miles into the San Fernando Valley, before she reports to her soundstage at Columbia.

She goes to a gym out there and gets slapped with hot towels to reduce her hips and thighs, then checks in at the studio at 8 a.m. for a quick makeup job before the cameras start grinding.

JUDY GARLAND is determined to kick HER avoirdupois, too, for a return to pictures. Which, incidentally, could use her tremendous talents... Mike Wayne, John's son, will wed starlet Gretchen Deibel this summer, after he's sprung from the Air Force.

Instead of rebuilding the house that burned down while he was shooting "The Barbarian and the Geisha" in Japan, Mike's paragon will build a new one on a hilltop in a new Beverly Hills subdivision called Royal Oaks, next door to Julie London's place. The lot alone set him Duke back \$30,000.

STARLET SANDRA GILES drove up to Romanoff's in her fancy fur-lined '58 New Yorker. Attendant: "You want I should park it, Miss Giles, or comb it and shampoo it?"

MGM signed Cesare Danova two years ago as "Mario Lanza's successor" when Mario kicked in his heels and quit the studio. The Italian tenor, under wraps all this time, hasn't made a picture. So he's kicking over the traces too and will play the John Barrymore role in the Los Angeles Philharmonic's musical version of "Grand Hotel" this summer, with Paul Muni in the Lionel Barrymore role.

I RAN INTO Cesare's pretty knouse, Pamela, at designer Helen Rose's party for the national fashion editors, now conventioning in Los Angeles. She wore what she called a "masterpiece model sack dress." Helen, no sack fan she, looked her up and down and said, "I thought they ALL were!"

New Two: Tommy Sands and Cathy Crosby. He took her to see his movies, "Sing Boy Sing"... Tommy's shook up. Fox is ready to roll his new picture, "Mardi Gras," and they still haven't sent him the script, so he doesn't know whether his part is bigger or smaller than those assumed his co-stars, Pat Boone and Gary Crosby.

PVT. ELVIS PRESLEY's routine, the six chums he brought out with him from Memphis, are still on his payroll, even though he's in the Army. They work around the Presley palazzo in Memphis and take care of his 26 dogs.

Reverly Hills Hotel desk plunk to a new guest: "Quiet! You're my Emmy going for us. If we should ever get a 25..."

darned right our rooms are quiet—it's the people in 'em that's noisy!"

TV TOPICS — Warner Brothers' TV wing is shooting a pilot for a new series, and it's not a Western for a change. It's Room for One More, with Peggy McKay and Richard Long as the Momma-&-Poppa moppet adopters who always have room for one more.

Fox producer caught a glimpse of pretty Shirley Knight on Wide World's invasion of Joanne Woodward's domain and called her over to his studio to discuss a part in "The Hell Raisers."

GEORGE STEVENS, Jr., son of the director, and Diana Burford, Jack Webb's secretary, are having Young Ideas. Looks like a June wedding. John Payne finished the 39th and last of his Restless Gun segments for this season, presented the entire cast and crew with gold St. Christopher's medals, and started negotiating for Glynnis to play his leading lady in "No-gales," the Western movie he'll make during his summer "vacation" from TV.

Donald O'Connor tells me he saw an Italian movie that was so earthy, erosion set in before the third reel!

HOLLYWOOD'S WRITERS' Guild, lashing out against TV censorship stemming from sponsors, networks and ad agencies, claims that if the taboo list isn't shortened and today's writers aren't permitted more elbow room to faithfully dramatize a problem as a problem truly exists, television will eventually evolve into a type of citizenry extremely discriminating in terms of deodorants, cigarettes and beer but completely incapable of competent choosing its reading matter—or even in reaching independent decisions!

Took a couple of digs at Dinah Shore about a sack she was wearing. Smiled she: "I just couldn't make up my mind today whether to look pretty or wear a sack—and look what happened!" (P.S.: On Dinah it looked good.)

THAT WAS ALL, old stuff to Judith Evelyn, Vincent Price and Leo Carroll on Matinee Theatre. They're the same stars who created those same "Angel Street" roles on Broadway 'way back in '41... Dean Martin, Frank Lovell, Mickey Rooney and John Promfield joined the Hollywood Dodgers softball team. The guys will play their first charity benefit in June.

You can't keep a good man (or actor) down, so it's no surprise that The Real McCoys, starring Walter Brennan, has been renewed for next season... Brennan's beef about the Los Angeles Dodgers' short left-field fence at the Coliseum: "I've got chickens at home that can kick corn THAT far!"

## Basic Research

WASHINGTON, D.C. — C. L. Closelooker, the research man, was shaking his head in dismay. What seemed to be the trouble? "Those Democrats!" said Closelooker, who examines national affairs at close range. "When it comes to spreading financial benefits, it's hard to beat them. To paraphrase an old saying, the country falls into a depression and the Democrats come up with a fistful of ballots."

WELL, IT WAS noted that GOP National Chairman Meade ALCORN recently added up the spending proposals of Senate Democrats plus those of Harry Truman. The sum reached something like \$77 billion in additional money. But coming from ALCORN, the figure could be a little prejudiced.

"Let's take a close look," said Closelooker. "It doesn't require any political prejudice to see that the Democrats know how to use a national crisis for collecting the special interest vote. I see where Senator Yarborough (Tex.) has a bill (S. 2978) to reestablish the GI bill of educational rights for veterans who served in the Armed Forces after January 31, 1935. A man would have to be very naïve to call this anything but a bill to get the support of young voters and their parents."

SENATOR SPARKMAN (Ala.) is another Democrat with his eye on the Selective Service vote. He has a bill (S. 2995) to encourage veterans' housing by Federal loan "in rural areas and small cities and towns—a description that reads suspiciously like the home state of Alabama."

Well, you'd have to say that the Democrats know what the people like—schooling and housing.

"MAYBE SO," SAID Closelooker.

looker, who is a skeptic about those sweeping generalities. "People like money, especially if it comes from Washington. But, I have never seen any research to prove that children like milk. A poll of parents would prove that some of the earliest family fights develop from trying to force milk between the teeth of children at the dining table."

Well, what about it? "Only this," said Closelooker, who makes an intimate study of such things. "Senator Proxmire (Wis.) has a bill (S. 3182) to expand the milk program for children and to incorporate it permanently into the school lunch program. Children will hate this idea, but the Wisconsin dairy farmers, whom Proxmire will ask to support him in November, will love it. The program will cost the taxpayers not less than \$250 million a year, but the farmers and the bureaucrats appreciate it very much."

WELL, ALL RIGHT, the Democrats go for the basic needs of schools, homes and nutrition. It that bad?

"Look closer," said Closelooker, who is not a man to be fooled by surface appearances. "If the record of proposed legislation is significant, the Democrats are bidding for November ballots and these basic needs are only incidental. Both the Democratic Senators from Montana have bills to favor the mining interests of their state."

"Senator Mansfield makes a case (S. 3600) for Federal purchase of copper, lead, manganese and zinc. Senator Murray's bill (S. 3490) will benefit certain low-grade ores which are purchased by the Federal Government. Even Senator McNamara, a Michigan Labor leader, has come out (S. 3630) for Federal help to operate the copper mines in his State. I

don't say these are wrong things to do, but a close look will show that the Democrats always know where the votes are."

WELL, THERE'S NO great harm in promoting the use of American mining materials, along with American schools, houses and farms. After all, the American people created a great commonwealth and deserve to enjoy it.

"On closer view, however," said Closelooker, who, never strays far from the facts on any matter, "it would seem that the typical Democratic program draws Americans away from their commonwealth and into a stifling bureaucracy. We already have 10 Executive Departments, but Senator Humphrey has a bill (S. 3126) to establish another one called Department of Science and Technology."

"Except to create another Cabinet post, to open up more Federal jobs, to overlap the already overlapped work of the Departments of Commerce, Labor, Defense and Health-Education-Welfare, there is no earthly excuse for a Department of S and T."

"NOBODY CAN LOOK closely at Democratic-proposed legislation without suspicion. The Democrats have a daft belief in legislation for its own sake. They like government because it is government. They want bureaucracy because it gives them a sense of power and accomplishment."

Oh, well, it takes all kinds. "That is correct," said Closelooker, the research man. "The Democrats still have lots of political opposition. Luckily for the country, very few of their bills will become law. There's something to be thankful for." Closelooker was right about that. —Holmes Alexander

## Dear Abby...

DEAR ABBY Edit Wed nesday DEAR ABBY: I am a normal man of 62 with no bad habits. I live in a rooming house and a widow, age 54, lives here, too. She slips notes under my door and asks me to knock on her door. When I do we go out for a walk or to a movie. She is friendly and I like her a lot but she won't let me kiss her. She says she was hurt once by a deceiving man and doesn't want to take any chances. I could love this woman but how can I get any place if she won't even let me kiss her?

CHARLIE DEAR CHARLIE: Neither of you are getting any younger. If you like walks and movies, she's your girl—BUT if you have something more permanent in mind—look elsewhere.

DEAR ABBY: I was so in love with this boy that when he went overseas I cried my eyes out. That was four months ago. My mother made me go out with others to take my mind off him. Now I fell in love with another guy. He took my mind off my overseas sweetheart completely but my problem is I think I am in love with both of them. Is this possible?

IN LOVE WITH TWO DEAR IN: This isn't possible! You are probably not in love

with either of them. Love lasts longer than four months. If you want proof—go with others.

DEAR ABBY: A letter in your column prompts me to write this. I used to have visions (nightmares, really) about my son being hurt on his bike, so I used to walk my 13-year-old son to school and back. I worried about him whenever he was out of my sight. He was a nervous wreck and so was I. I finally went to see a psychiatrist with him and we had six one-hour visits. I never dreamed the harm I was doing. My son was helped right away and so was I. He is well and happy, gained weight, and has friends. I don't have the nightmares anymore. Tell people, Abby, a psychiatrist is not for crazy people alone.

A LUCKY MOTHER

DEAR ABBY: I have been married for nine years and my husband has been in prison for the past four. Being only human I got lonesome when he was away and I looked up some old friends. I misbehaved and had a baby in 1955 and another one in 1957. My husband is coming out in 60 days. How am I going to explain these two babies?

WONDERING DEAR WONDERING: If your husband can add, you won't have

to explain anything. Tell the truth, and take the consequences.

DEAR ABBY: I am an R.N. (registered nurse) who married a man twelve years my junior. His father is an invalid and I am beginning to think the reason he married me is to take care of his father. My mother-in-law will come right out and tell you that she has one of those "in-name-only" marriages and all she does is run around. My husband works 10 hours a day, so I am the one who takes care of his father (without pay). I am getting pretty sick of this. Have you any suggestions?

NURSE WITHOUT PAY DEAR NURSE: Tell your husband you have "had it" and he and his mother had better start making arrangements for the care of his father. If you wait for them to relieve you of your "duty" you will wait a long time.

CONFIDENTIAL TO TONY: If you still have the "itch" to sonare everything with your wife — better start from "scratch."

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

GREAT AUNT Besse Smeltzer flew out from Willow Run, Michigan, to visit the Robert McWhirters and arrived in time to help celebrate the second birthday of her little great-niece Bridget. Ninety years apart in age the two are already great friends.

### Great Aunt Flies West for Visit

A great-aunt of Bob McWhirter, 92-year-old Besse Smeltzer, flew in from Michigan this weekend for a fortnight's visit with the McWhirters at their home on Andreas Road, arriving in time to help celebrate the second birthday of her little great-niece Bridget. It was her first airplane trip.

The McWhirters and their four youngsters are new Villagers and he is a salesman for Stack Chevrolet. Mrs. McWhirter is the former Midge Phillips, daughter of ex-Congressman and Mrs. John Phillips of Banning, who have just returned from Washington, D. C. The former Congressman, who underwent major surgery this past year, is reported much improved in health.

### Spectacular Luau Next Saturday

On Saturday night the Shadow Mountain Club proudly presents its annual luau, described as the most spectacular from the desert to Tahiti, with a polynesian feast and barrels of Hawaiian punch. For those preferring not to go quite so native, there will be fine American food.

Festivities will begin at 7 o'clock with show time at 10 p.m. The performance of the star-studded show will be on a giant stage spanning the largest pool in the desert. George Kainapau and his orchestra will play for dancing on the terrace under the stars and for the show which will star Lei Aloha of motion pictures and TV, and feature Moana, Napua, Re Aloha and the Samoan knife dancers Lani and Freddie Letuli. There will be fun and excitement at this once-a-year event in the lush, tropical surroundings of beautiful Shadow Mountain Club.

Crystal jewelry is back. The Fashion Coordination Institute says it will be used in both clear and vivid colors, worn alone or accenting other necklaces and bibs.

The luau season is at hand... when you don muumuus and sarongs or bright-colored shirts and straw hats... hang a lei around your neck... and go aloha-ing... Two of the biggest luaus on the mainland belong to this desert area... and are imminent... Shadow Mountain Club's spectacular is this Saturday night... and Desert Air's which is probably the biggest one anywhere... is the following Saturday... The looming mountains and the palm trees... the profusion of flowers and feast of foods... the mellow music and the dancing... create an illusion of being in the Islands... with only the sound of the surf missing... Over the years Villagers visiting the Islands have brought back the luau traditions... and it's a desert tradition now...

Lee and Ernie Alshuler are headed for home and expect to be back in Palm Springs around June 10... A message from the travelers... written aboard a Japan Air Line en route from Bangkok back to Hongkong... says they are having an enjoyable trip... including their crossing on the President Wilson and their visit in Honolulu with Dorothy Gray Brown's son Lee and his wife... Lee had been on a shopping spree in Hongkong as all travelers do... and said the changes there in two years time since they'd been there last were amazing... with new buildings everywhere to take care of the refugees from Communist China... They both sent warm greetings to their Village friends...

bassador East-West and the Sherman House arrived early last week... for a short visit at the Racquet Club... and hosted a party Saturday night... which included the Eddie Silvermans, Lester Seligs and Harry Joe Browns... Dorothy and Harry Joe leave June 2... flying SAS to Copenhagen... They'll attend the Worlds Fair in Brussels... and visit Germany, Italy, Switzerland, London...

They'll come home through New York... stopping for a week's visit at Westhampton with their friends Charlie and Mollie Berns of Club 21...

Friday night was a beautiful evening for the al fresco party hosted by Margaret and S. P. Manasse... at their home at Fairway Cottages which face on the Thunderbird fairways...

Guests gathered indoors and out for cocktails... but the tables for dinner were set up outside... with Japanese lanterns strung overhead... There was a roast beef dinner... prepared and served chuckwagon style by Jack Boyer... and two strolling musicians played and sang...

Buddy and Jack Bligh were saying farewell... as they were leaving for their Chicago home for the summer... The Dan Dunlaps arrived with Supervisor and Mrs. Chase... Al and Nellis Hunt, Helen and Jack Kenaston, Edith and Dick Edwards... the George Robertsons, Eddie LeBarons, John Costellos, Franklin B. MacCarthys, Harold Coopers... George Holsteins, Joe Hales, Henry Dollards, Dolph Oberfelds... Russell Wades, Peg and Norm Waters, John Dawsons, Walter Sibberts... Adolph Bremers, Howard Morris... Vicki Malouf, Flo Brummack, Robin Barnes, Judy Howard... George Wheeler (Mickey was visiting her mother)... and many more enjoyed the pleasant affair...

A BUS LOAD of about 40 members of the Four Arts Club from the Southwest area of Los Angeles spent Thursday in Palm Springs as guests of one of their members Mrs. Waldo Woods of 402 Sunset Way. They had luncheon and spent the afternoon around the swimming pool at the Woods home, and dinner at Howard Manor that night. Pictured are, Mrs. Woods, on right, Mrs. Robert Mason, club president, and Mrs. Lucian Casey, vice president, on left. (Gayle Studio Photo.)

### New Officers Are Elected By Sorority Warrens Home From Europe

New officers were elected for the ensuing year when the Zeta Kappa Chapter of Epsilon Sigma Alpha met Thursday evening at the home of Mrs. Sam Vince in Indio. They are: Mrs. Warren Coble of Palm Springs, president; Mrs. Sam Vince, vice president; Mrs. William Owen of Indio, recording secretary; Mrs. Jess Sherrod, of Indio, corresponding secretary; Mrs. Charles Belt of Palm Springs, treasurer; Mrs. Douglas Cox of Palm Desert, educational director; and Mrs. Carl Preece of Indio, parliamentary. The installation dinner was tentatively scheduled for June 13th.

Other business of the evening included plans for attendance at the forthcoming state convention, to be held May 22-25 in San Diego.

Those attending from this chapter were Mrs. Charles Belt, Mrs. Warren Coble, Mrs. Sam Vince, Mrs. Douglas Cox and Mrs. Ben Constantino.

Following a social hour, refreshments were served by the hostess.

### Fruit Cup

Fresh lime juice gives fruit cup a deliciously tangy flavor. Half a cup of lime juice, combined with 1-3 cup sugar, 1/2 teaspoon salt, and 1 teaspoon vanilla will make enough sauce for 3 cups diced fresh fruit. Chill well, and serve with mint garnish. Serves 5-6.

### Scully to Address Deanery

Frank Scully, of Palm Springs, famous writer and stimulating columnist, will be the guest speaker at a day-long workshop, which the Riverside Deanery of the Diocesan Council of Catholic Women will sponsor for all Catholic women, to be held on Monday, May 19, in the Music Room of the Mission Inn. Luncheon will be served in the Spanish Dining Room.

A hard-hitting writer in the fields of fiction and non-fiction, Scully will speak on publicity, a field he knows well, having been director of publicity and advertising for Metro-Goldwyn in foreign countries. He was born in New York and educated at Columbia University and recently has been made a Knight of St. Gregory by the Holy Father. One of his more recent books, "Behind The Flying Saucers" caused nationwide controversy.

The afternoon session will include a talk by Mrs. James P. Kavanagh, public relations chairman of the Council of Catholic Women, Diocese of San Diego, who will speak on "Hints for Presidents." Mrs. Donald Brown of San Bernardino will speak on "Fundamentals for Articulate Speaking" and Mrs. A. A. Jeddika of Escondido, Diocesan president, will summarize the day's events.

Those planning to attend are asked to contact their Deanery presidents for further information regarding reservations.

#### Bridge Table Treat

Crisp, sugared walnuts make good nibbling at the bridge table. Roast the walnuts first and stir them into a spicy sugar syrup cooked to the soft ball stage. When nuts are well-coated and the mixture turns creamy, turn out on waxed paper and separate.

#### Look What's New In Soup Making

Surprise your family with an unusual strawberry soup for the first course at dinner.

Wash, cap and crush 4 cups fresh strawberries. Add 1/2 cup water, 3/4 cup fresh orange juice, 2 tablespoons fresh lemon juice, 1/4 cup sugar, 1/4 teaspoon salt, and 1 two-inch stick cinnamon.

Bring to boil, and cook 3 minutes, stirring occasionally. Put through fine sieve, extracting as much pulp as possible. Add 1 tablespoon quick tapioca and bring to full, rolling boil.

Cool and chill. Just before serving, stir in 1/2 cup fresh sliced strawberries. Serves 4.

#### Camp Fire Tea Honors Leaders And Mothers

Mothers of Camp Fire Girls shared honors with Camp Fire leaders Friday afternoon at the Mothers Day tea given by Lu-Ton-Da Camp Fire Girls at the home of Mrs. Raymond Baddour at 333 Stevens Road.

Among those specially honored were members of the awards committee who have given so much of their time checking memory books. These include chairman Mrs. Paul Payne, Mrs. G. K. Sanborn and Mrs. Baddour, who is also vice chairman of the Leaders Association. Association members honored included Mrs. Frank Hendrickson, chairman, Mrs. Morris Leonard, Miss Angela Brennan, Mrs. Marilyn Mason, Mrs. Lyman Banister, Mrs. John Sanborn.

Gifts had been made by the girls, who presented glove cases to their mothers, and eye glass cases to the guests. Mrs. Leonard, secretary, received a purse decorated with special symbols expressing appreciation for her assistance in the group.

Refreshments were made and served by the girls, including Ann Baddour, Cathie Bard, Linda Davis, Linda Dewey, Noelle Hendrickson, Sandra Keith, Patricia Payne, Margaret Soran, Susan Stoval, Virginia Smalling.

#### Beauty Tips For Travelers

It's possible to travel lightly and still look attractive, says Anne Leinbach, a grooming expert.

Miss Leinbach, who trains Pan American World Airways stewardesses in speech and beauty, offers these tips to lady travelers:

Carry a small packet of tissues in your purse for removing traces of oil before applying new powder. Also include cream rouge, and a compact of compressed powder. Choose a pinker shade if you fly at night because it's more flattering under lights, she said.

Use a creamy type of lipstick for high altitudes, a fountain-pen type of mascara, and little "pillows" of hand lotion which fit into a slim purse.

"And don't wear a girdle or shoes which are too tight," she added. "They cause discomfort and frown lines."

**HONORING THEIR MOTHERS** Lu-Ton-Da Camp Fire Girls entertained at a Mother's Day tea at the home of Mrs. Raymond Baddour, vice chairman of awards committee. Pictured around table, from left, Mrs. Paul Payne, chairman of awards committee, the

hostess Mrs. Baddour, Mrs. Richard Dewey, assistant guardian. The two Camp Fire Girls are, Ann Baddour, on left, and Linda Dewey, on right. (Desert Sun Photo.)

#### Josels Abroad On Triumph Tour

Dr. and Mrs. Morris D. Josel, 36-951 Melrose Drive, Palm Springs, are on the annual "Triumph Tour of Europe," joining more than 200 American sports car enthusiasts in a month-long tour which will take them to seven European countries and many historic cities of the Old World.

Inaugurated last year, the Triumph Tour received such an enthusiastic reception it has made it a "must" for annual repetition, according to Alan F. Bethell, President of the Triumph Company. For nominal additional cost the Tour offers the American sports car lover the chance to purchase a Triumph TR-3 plus transatlantic transportation and a trip through important cities and cultural sites in Europe.

The rallyists, who represent nineteen different states, departed from Idlewild Airport on Friday, May 9, arriving in London the following day. At the London airport they picked up their Triumph TR-3 sports cars and pro-

ceeded to Brighton in preparation for the crossing of the English Channel. The month-long tour will take them to France, Spain, Monaco, Italy, Switzerland and back to France.

During the trip they will visit such historic sites as London, Dieppe, Rouen, Madrid, Monte Carlo, Siena, Rome, Florence, Venice, Lucerne, and Paris before returning to London.

## TODAY'S SPORT PARADE

By OSCAR FRALEY  
United Press Sports Writer

NEW YORK — You Gotta Have Heart.

That was one of the smash hits in a memorable musical. Memorable mostly because it tells a fanciful tale of how Washington won and the Yankees lost the pennant.

It is extremely doubtful whether such a classical condition will arise this season but Washington has, at least, come up with a young fellow who has guts of that ingredient known as "heart."

He is Albie Pearson and he had to have "heart." Because if anybody smaller than Albie ever competed in the majors—aside from the midget who once was a pinch-hitter for the late and unlamented Browns—nobody seems able to pin it down.

BROWN-EYED ALBIE is listed on the Washington roster as being 5 feet, 6 inches tall.

"That's stretching me a little," he grins. "Actually I'm 5 feet, 5 and three-eighths inches. Sure, three-eighths. After all, that doesn't come to one-half, now does it?"

A Californian, the miniature man hails from a section where there are a number of race tracks. But he never considered becoming a jockey.

"After all," he mused, "most of them were bigger than I was."

Pearson, in case you have forgotten, is the ball players' golf champion. Just to prove a point, he won the title this spring in Florida by beating Johnny Gray of the Phillies in the finals. Gray is 6 feet, 4 inches tall.

THE MIGHTY MITE—for a long time debated whether to be a professional golfer or a baseball player. On the fairways he was good enough to shoot a pair of 67's on a full-sized course and the pro golf life looked good.

"But baseball was a bigger challenge," says the "heart" man. "Besides, to play pro golf you need a certain amount of money until you can establish yourself. This way I didn't have any financial troubles while I was working my way up."

There was no doubt in Albie's mind that he could make the major league grade. So he served five years in the minors, convincing everybody that despite his small stature he had the talents for the big top. His journeys took him to San Jose, Albany of the Eastern League, Montgomery of the Sally League, Oklahoma of the Texas League—where he led the circuit with a .371 batting average—and then San Francisco before winning his centerfield spot at Washington this season.

## Patterson Case Action Due Soon

NEW YORK — Julius Helfand said today the World Championship Boxing Committee will take "definite action" on the heavyweight situation late this month.

Helfand, chairman of the New York State Athletic Commission and president of the committee, will fly to Paris May 25 and preside at the committee meeting there May 28-30.

Just what ultimatum to be given champion Floyd Patterson will be decided by the committee. Helfand said, Young Floyd hasn't defended his crown since last Aug. 22, when he knocked out amateur Pete Rademacher in the sixth round at Seattle.

Cus D'Amato, Patterson's manager, declared today, "If the World Committee or any other organization tries to force us into a fight with an opponent who may have any connection with the International Boxing Club—no matter how indirect—we will challenge the committee's action in court."

# Softball Season Starts June 3

BILL TICHENOR, last year's outstanding pitcher for Desert Hot Springs will be in the uniform of the M&M-Lehrfeld team this season. Neal Green, one of the country's top softball pitchers will chuck for the Biltmore team.

Paul Neilson, playing for his eighth straight year in the Desert League, will be with Moon and Moon again and Frank Prieto, also a veteran of the league, will again be on the mound for the Mexican Colony.

There are still openings on the squads, Haddock said, and anyone wishing to play, should contact him at the City Park and Recreation Department, at the City Hall, FA 4-1131.

## Groom Arrested At Hollypark on Narcotic Charge

INGLEWOOD — Gilbert Leho Kihioa, 44-year-old applicant for a "hot walker" job at Hollypark, was arrested by California Horse Racing Board agents Tuesday and charged with illegal possession of hypodermic equipment.

Agents arrested Kihioa, alias Gilbert McQueen, Monrovia, when a routine check with state Bureau of Criminal Investigation and Identification turned up a discrepancy in his application for a job at the track.

Chief Inspector Jack Ford said Kihioa had denied ever being arrested in filling out his job application but that the state bureau reported he had numerous arrests for possession of narcotics.

Agents who searched Kihioa's tack room said they uncovered a hypodermic kit under a loose board.

# Indians Defeat Perris 9-0

## Flores Hurls One-Hitter in Tribe Victory

Bobby Flores threw a nifty one-hitter at Perris High at Perris Tuesday as the Indians turned seven hits and five Perris errors into nine runs to win, 9 to 0.

The only hit registered off the local right-hander was a scratch bunt in the sixth inning. He struck out nine and walked three during the seven innings.

The Indians went to work on Norm Rhorbacker of Perris right from the opening gun and scored six times in the first three innings.

The win kept the Indians close behind Coachella and Hemet in the Riverside County League race. Coachella won over Beaumont 15-9 Tuesday but Hemet lost to San Jacinto 3-6 to keep it a tight race with one game to go.

Palm Springs closes the season here Friday with Beaumont as the opposition.

## Stan Musial Seeks All-Time Bat Title

CHICAGO (UP)—Stan Musial's baseball goal was 431 hits distant today, but his anticipated tenure as a baseball player covers another two years, so he might become the leading batter in National League history.

Musial, 37, smacked his 3,000th major league hit Tuesday, a double, as the key punch of a four-run St. Louis Cardinal inning to produce a 5-3 win over the Chicago Cubs.

And while he was pleased at No. 3,000, he had no pretensions toward No. 4,000 unless "it just comes naturally," the way he swings a bat.

"I'D LIKE TO GET more hits than any other National League player," Musial said, "and I figure I'll play a couple of more years. I don't mean two years exactly because I'll play as long as I can hit well over 300."

The player with the most hits in the National League was the late Honus Wagner, who has 3,430, while Paul Waner was second with 3,151. Musial, who has 43 hits already this season, needs to add only 132 to surpass Waner and he could do that this season, since it would require him to get only 195 hits for the season. He has exceeded that figure seven times in 15 years and tied it one other season.

Both Musial and manager Fred Hutchinson would have preferred the 3,000th hit in their home park. Thus Hutchinson benched Musial for Tuesday's game, but planned to use him as a pinch hitter if it might be necessary to win.

IT BECAME NECESSARY with Gene Green on 2nd with a double, one man out and the Cardinals trailing, 3-1, in the 6th. Musial took an outside pitch, fouled one of pitcher Moe Drabowsky's pitches into the stands, took a called strike, an inside pitch, and then slammed the next throw deep to left field.

Play was stopped while outfielder Walt Moryn returned the ball to umpire Frank Dascoli who relayed it to Musial for a souvenir.

Musial used a substitute bat for his hit, since he couldn't find the one he had been using.

In St. Louis Tuesday night, a crowd of more than 2,000 persons jammed the Union Station to greet Musial on his return from Chicago. Many carried cardboard signs reading: "Stan the 3,000 Man."

## Dodgers, Giants Head East After Slugging Series

LOS ANGELES — The Dodgers and the Giants were on their first eastern swing today after having remained on the coast since the National League season opened a month ago, but it will be some time before Los Angeles fans get over the performance of Willie Mays.

Mays chose the Giants' deadliest rivals, the Dodgers, in a fierce competition transplanted to the West Coast. As the club to tee off against in his biggest splurge of the season.

In four games, two at San Francisco and two here, the fabulous Mays ran his home run output from one to eight. And versatile infielder Darv Spencer was not far behind, his season total against the Dodgers being six homers out of his total of eight.

Mays and Spencer were chiefly responsible for the Giants' running up a 16-9 victory over the Dodgers here Tuesday.

The Dodgers left immediately after the game for Chicago to meet the Cubs and announced Carl Erskine would oppose Jim Brosnan. The Giants flew to St. Louis, where John Antonelli faces Vinegar Bend Mizell.

Tuesday's game, which ended the Giant-Dodger rivalry until late August, was a battle of home runs and extra base hits.

Both Mays and Spencer hit two homers each. Los Angeles managed to hit four of the nine homers, with Charley Neal getting two, one of them into the right field enclosure, the first hit there in 21 home games.

## Little League Play to Start Friday Night

Palm Springs Little League will launch its 1958 season with appropriate ceremonies Friday night at the Polo Grounds with a double-header and play will continue until well into July.

Four teams will compete for the 1958 title: Hathaway-Buick, defending champions, Junior Police, Cameron Stars and the Boys' Club.

EQUIPMENT FOR the season will be issued tonight at a meeting of the four managers. This consists of uniforms, bats, balls, caps and catchers' regalia.

The managers are Mark Hopp, Hathaway-Buick; Gene Holmes, Junior Police; Jim Schilling, Cameron Stars; Bruno Di Grandi, Boys' Club.

All declare their teams look promising and are raring to go.

ALL BOYS in the Little League age group—8 to 12 years—will have a chance to play under a new set-up this year.

Under the leadership of Roy Henry, Larry Coulton and Hal Joseph, a four-club Minor League has been formed and will play on the new field at the Rodeo Grounds. This has been laid out with lights and other equipment by the city to provide excellent facilities for the youngsters not qualified in the Little League due to inexperience or age.

PRESIDENT Herb Esbitt of the Little League said that any youngster who really wants to play baseball will be able to do so this year with the many teams and facilities provided.

To date this year, he said, 196 youngsters have enrolled for the summer sport.

## Half Million Dollars in New School Buildings Scheduled

Four Village architectural firms are today drafting preliminary plans for construction of \$514,727 worth of new school buildings for the final phase of the current Palm Springs school expansion program.

The construction projects, to be financed by December's \$2,138,000 bond issue, were approved and assigned to architects by a 3-2 vote of the Board of Education last week.

AT THE SAME time, school administrators were authorized to negotiate for three new school sites, with a maximum total value of \$145,000. Sites proposed are in Rancho Mirage, Desert Hot Springs, North Palm Springs and Section 26.

Bond issue building projects previously placed on the drawing board or set for construction bids were a 10 classroom addition for the high school, six classrooms for Nellie N. Coffman Junior High School, four classrooms for Cielo Vista School and two classrooms for Cahulla School.

CONSTRUCTION OF A Section 14 elementary school, also provided for in the bond issue program, has been temporarily shelved until the current Indian land apportionment is concluded. New building projects include: Warehouse, maintenance shops and a bus center, with an estimated cost of \$248,423, assigned to Wexler and Harrison, architects.

ADDITIONS TO wood and metal instructional shops, \$33,800, Frey and Chambers, architects. Cathedral City School additions, involving two classrooms, one kindergarten replacement, school

site fencing, playground, erect busports, paving, \$83,798, John Porter Clark, architect.

PALM SPRINGS High School, construct additions to present science building, laboratories and classroom, \$97,706, Wexler and Harrison, architects.

Shower and locker additions to Palm Springs High School, \$31,000, Williams, Williams and Williams, architects.

Proposed site acquisitions include 10 acres at Rancho Mirage, estimated cost \$25,000; Desert Hot Springs, North Palm Springs and Section 26, \$60,000 each.

## Golfing Decision Soon to Be Made By Office Machine

LONDON (AP) — Electronics engineers soon will produce office machines that can read the morning mail and tell executives when they can leave the office for a round of golf, according to a British expert on computing machines.

Dr. A. D. Booth, of London University, said the machines will be able to dictate answers to the mail. He said if a high-level decision is needed, the machine will throw back the letter and say, "this is the one letter that you really have to look at, then you can go and play golf for the rest of the week."

Indications are the 1958 acreage of crops planted in the U. S. may be the smallest since 1917. About 333 million acres may be planted this year.
